

MILLIONAIRE IS CLEARED BY JURY

Wm. M. Wood Acquitted of Charge of Planting Dynamite to Discredit Strikers

ATTEAUX ALSO CLEARED: COLLINS NOT SO LUCKY

Sensational Demand for Probe of Juror Bribing Made by Attorney Hurlburt

BOSTON, June 7.—William Wood, the millionaire head of the woolen trust, was found not guilty on all counts in the indictment charging him with conspiracy to plant dynamite to discredit the Lawrence textile strikers. Frederick Atteaux, a Boston manufacturer, was acquitted on the fifth count in the indictment, the jury disagreeing on the four other counts. Dennis Collins, the dog fancier, was found guilty on the first two counts and not guilty on the other three. Attorney Hurlburt, representing Wood, then demanded a public hearing on the charges that an attempt was made to "fix" Juror Schumann. Collins was found guilty only on the count charging conspiracy to plant dynamite.

Wood was promptly discharged. Collins and Atteaux remained in their seats while Hurlburt read the bribery charge. District Attorney Pelletier endorsed Hurlburt's demand, stating that he has ordered a grand jury probe.

Demanding an investigation of the bribery charges, Attorney Hurlburt said:

"The charge that an officer of this court tried to bribe a juror strikes at the heart of our system of justice. I believe he should be immediately publicly dismissed from the bar. On behalf of myself, in justice to myself, my associates and my client, I ask the court to put on witnesses so we may get the truth here and now."

Endorsing Hurlburt's stand, District Attorney Pelletier said:

"I wish to state that there is not the slightest suspicion or belief or thought that Attorney Hurlburt had any connection with such a scheme. It is merely a damnable use of a reputable lawyer's name by some mysterious scoundrel."

WILSON NOT TO BE CALLED IN PROBE

Townsend Charge That President is "Lobbyist" Based Only on Hearsay

WASHINGTON, June 7.—The charges by Senator Townsend of Michigan that President Wilson is the "biggest lobbyist in Washington" will not result in the president being summoned to testify before his "insidious lobby" probers, because the statement is based on hearsay. Commenting on the situation Committee member Reed of Missouri, said:

"Townsend's charge is a serious one to make on hearsay. The committee will not summon the president. We are seeking to find a lobby. We believe we have succeeded. If any Republican believes Democrats are being forced to vote against their conscience through the exertion of party power, they are at liberty to call them before the committee."

Senator Cummins declared he heard nothing of President Wilson coercing senators but said he intends to insist that the president shall give all the information and names he had in his possession when he denounced the lobby. President Wilson thinks Senator Townsend's charge is too vague to demand his testifying.

How 1 Man Saved His Ranch From Hopper Plague

SACRAMENTO, June 7.—State Horticultural Commissioner A. J. Cook states that one of the largest olive and citrus growers in central California has saved his ranch, near Wyandotte, Butte county, from the grasshopper invasion by burning the stubble and scattering arsenic under the trees. Other ranchers, he said, are following successfully the same method of fighting the pest. The situation in central California is improved, Cook said.

BROOKLINE, Mass., June 7.—Women golfers from Philadelphia, Baltimore, New York and Washington gathered here today to attend the tournament on Monday which will determine the Eastern Women's championship. Matches will be played over the Brookline Country Club's links on Monday, Tuesday and Wednesday to decide the title.

Harvard Fighting for Small Baseball Chance
CAMBRIDGE, Mass., June 7.—What ever small chance Harvard might have for the intercollegiate baseball title was at stake today when the Crimson lined up against the strong Brown University team from Providence, R. I. If Brown defeats Harvard it would mean that the former would be counted ahead of the Crimson in the final figuring on the standing of the big eastern university teams.

1000 Suffragists Are Still on the Move in Europe
PRAGUE, June 7.—One thousand women delegates and visitors to the Budapest convention of the International Woman Suffrage Alliance which opens June 15, today arrived here from Berlin. The visitors were the guests of the Bohemian Woman Suffrage Committee. The guests will leave Monday for Vienna, where they will be formally received by the Austrian Woman Suffrage Committee.

Fargo Celebrates 20 and 30-Year-Old Events
FARGO, N. D., June 7.—Twenty years ago today the town of Fargo was all but wiped from the map by a disastrous fire. Thirty years ago today was established the Scottish Rite in Fargo. The anniversary of both events were celebrated here today and former residents of Fargo came from nearly every state in the union to attend.

DIVINE SARAH "AT HOME"
PARIS, June 7.—Sarah Bernhardt arrived in Paris yesterday and was apparently not in the least fatigued by her long and strenuous tour of America. She held an impromptu reception and greeted many of her friends. Following dinner, she drove to her own theater, where she attended a performance of "Le Bossu."

FOUR R. R. MEN BADLY SCALDED AS SANTA FE TRAIN DITCHES
POMONA, June 7.—Engineer O. Hoxey and Fireman William Ford were seriously scalded, and Engineer William Holman and another fireman were less seriously hurt when both engines drawing the Santa Fe Overland Limited went into the ditch at North Pomona this morning. A split switch was the cause. No passengers were hurt.

GERMAN STADIUM DEDICATION TOMORROW

20,000 German Athletes to Take Part in Spectacular Games on Program

60,000 PEOPLE TO VIEW EPOCH-MARKING EVENT

Stadium Second Largest in World; Kaiser, Kaiserine and Court to Witness Games

BERLIN, June 7.—With more than 20,000 German athletes participating and approximately 40,000 spectators, the new German Stadium in which the Olympic games will be held in 1916, will be formally opened and dedicated tomorrow noon in the presence of Emperor William, the Empress, Crown-prince and Crown-princess and the Kaiser's court, as well as the entire diplomatic corps.

It is the second largest stadium in the world. Its dedication marks not only an epoch in the history of athletics and outdoor sports in Germany, but also in the revival of the ancient Olympic games. It is also the opening event of the festivities celebrating the Kaiser's Golden Jubilee as ruler of the German Empire, the Stadium being built as a monument in honor of his 25 years' reign of peace. It cost over \$500,000. The vast structure is wholly of cement and is built upon strictly classic Greek lines. Marching in front of the Kaiser and his court, 20,000 young men, representing the flower of the German athletic societies, will pass through the beautiful Court of Honor and march in front of the Kaiser and his royal guests in the Imperial box. General von Podbielski, minister of agriculture, as president of the National Olympic Committee of Germany, will make an address outlining the purpose of the Stadium. As he calls for a "Hock der Kaiser" 10,000 carrier pigeons will be simultaneously released at one end of the Stadium, carrying copies of Podbielski's address to every part of Germany.

As the great flock of carrier pigeons circle about to get their bearings for their home cotes, several aeroplanes and a Zeppelin will also be sweeping over the Stadium.

Tomorrow's events in the Stadium will be principally of a spectacular type and to please the Kaiser, will have a strong military taste. Among other events will be a wall scaling contest by companies of infantry from the Garde Corps. These troops will appear for the first time in the new uniform of "field gray" uniforms recently adopted by the German army. Club swinging, foot racing, tennis and a football match for the Crown-prince Cup which decides the championship of Germany, are on the program.

From the moment that it was decided Berlin would have the 1916 Olympic games the Germans started to train for the event and to build a Stadium second to none.

Lieutenant Kurd Roessler, an all-around athlete, was detached from the army and placed in charge of the administration of the Stadium, as general secretary of the National Committee. The Stadium contains a cement banked bicycle track 722 yards long, a cinder track 715 yards, a swimming tank 108 yards long and twenty-three wide; football field, tennis courts and fields for other sports. It can accommodate more than 40,000 spectators. The white walls of the big oval are even with the ground, the Stadium being in a natural amphitheatre.

13 TOMBED IN MINE BY GAS EXPLOSION

Fire in Shaft—Rescue Believed Hopeless—25 Rescued Before Flames

POTTSVILLE, Pa., June 7.—With thirteen entombed in a mine at the Scott colliery near Mount Carmel, the closed shaft caught fire at noon and rescue is believed to be impossible. A gas explosion occurred this morning. The rescuers have already removed two corpses, and rescued twenty-five others unconscious. All the rescued are expected to recover.

SCALDED YOUNG BROTHER TO DEATH

Awful Tragedy Brought to Light When Arrest on Insanity Charge is Asked

16-YEAR-OLD BOY CONSIDERED MENACE

Jose Martinez, a Talbert Mexican Youth, Reported to the Authorities Today

That Jose Martinez, a feeble-minded boy, had poured hot water over his younger brother and caused his death was made known to District Attorney West today when an application was made for Martinez's arrest on an insanity charge. The frightful tragedy occurred five or six months ago, but the ignorance of the boy's parents caused them to say little of the death of the child, and word of it just reached the district attorney's ears today.

Jose Martinez is about sixteen years old. His parents live at Talbert. According to the story told at the court-house this morning, the boy's parents left him at home with a small brother. In the house was a kettle or boiler of boiling water. In some manner the child was so badly scalded that he died from the effects of his injuries. The story at Talbert is that the feeble-minded boy poured the water upon his brother. It seems that no connected story of the affair could be secured, as only the imbecile and the injured child were present.

Outside of that one act the boy was not considered dangerous until recently. For several days now he has made a practice of going out into the country and lying in the weeds beside the road. He has given several small girls severe frights. Some of the residents of Talbert made an investigation, with the result that it was concluded to take immediate action to have the boy cared for. The mumbings go to indicate a disordered mind.

PORT OFFICERS TO RESIGN PLACES

Action Requested at Behest of President Wilson, Says Treasurer McAdoo

SAN FRANCISCO, June 7.—Telegrams requesting the resignation of General George Stone, naval officer of the port of San Francisco; Duncan E. McKinlay, former congressman and now surveyor of the port, and John G. Mattos, Jr., appraiser of customs, received here Thursday from Secretary of the Treasury William G. McAdoo, stated that the request was made at the behest of President Wilson and would take effect on the qualification of their successors.

It had been expected that Appraiser Mattos would lose his office, but doubt has existed regarding the offices held by Surveyor McKinlay and Naval Officer General Stone. The office of appraiser is held at the pleasure of the President and can be declared vacant any time. The other two, however, contended they could not be disturbed until their terms had expired, arguing that they serve under the "tenure of office" act.

Recall Old "Precedent"

With the exception of Surveyor McKinlay, the Republican holdovers gave way gracefully to the reigning Democratic power. This might be slightly modified in the case of General Stone, who was inclined to think it was a little unfair and a "precedent" that had disappeared when Grover Cleveland went out of office.

COLORADO MINERS ASK WAGE ADVANCE UNDER 8-HOUR LAW

PUEBLO, Colo., June 7.—Demanding increased wages as the result of an eight-hour law passed by the legislature, 150 miners employed by the United Zinc Company at Blands, near here, are on strike. Five hundred men probably will be involved before the end of the week.

NOTES REFERRED TO BONDS
NEW YORK, June 7.—Governor Benjamin W. Hooper of Tennessee and Treasurer W. P. Hickerson and Secretary of State H. R. Sneede of the same state, canvassing the financial district yesterday in an effort to sell \$11,500,000 Tennessee 4 per cent bonds, were informed by the bankers that notes are more easily sold at this time than bonds.

PROPOSE TO SLICE OFF THE NORTH HALF OF THE CITY OF STANTON AND LEAVE A HALF

A Large Section of the Incorporated Body Likely to Go Back Into County Country

The city of Stanton has been bubbling and boiling for some time over proposals to disincorporate the city, but a plan of procedure seems to have been agreed upon that will preserve the municipality though it will be done at a sacrifice of half its territory. A short time ago a petition was filed with City Clerk Baker of the town that is now two years old, asking that proceedings be begun to disincorporate the city. A large share of the petitioners were residents of the north half of the large section of country that was taken into the municipality at a time when there was not a town lot in it. After the incorporation a townsite was laid out on the Pacific Electric, and considerable progress has been made toward building up a community about that center. But the townsite is a long way from other portions of the territory included in the boundaries, laid out with a view to preventing Anaheim from establishing a sewer farm thereabouts.

With the petition for disincorporation staring them in the face, those favoring maintaining the municipal-

ity saw there was a fight on hand. By delaying the petition for disincorporation, time was given to circulate a new petition. That new petition asked that a large section of the city, comprising about one-half of it, that half being the north half, be allowed to withdraw from the municipality.

That petition for withdrawal has been signed by about sixty voters of the north half. This morning F. C. Beecher, who circulated the petition, was at the county clerk's office to make affidavit as to the genuineness of the signatures. He said:

"This petition will be heard first, and it means the settlement of the difficulties out our way. The north half, which is strongly in favor of ceasing to be a part of the municipality, will be allowed to withdraw, and the south half, which wants to continue the municipality, will remain and keep up the city government. This withdrawal petition will be heard at a special meeting of the trustees. I think that there is no question but what there will be no further proceeding toward disincorporation."

ARBITRATION TREATIES WITH ENGLAND, SPAIN, ITALY FAIL; 23 OTHER TREATIES IN PERIL

WASHINGTON, June 7.—The principle of compulsory arbitration written into the code that has bound the United States with twenty-four great and lesser nations of the world for the last five years, is in serious danger and unless there is a decided change in sentiment in the Senate, the renewal of twenty-three of the treaties which gave concrete evidence of this nation's belief in such a policy, may be impossible.

In executive session last night the Senate again failed to ratify renewals of the arbitration agreements with Great Britain, Italy and Spain, which recently expired. These conventions provide that questions relating to interpretations of treaties excepting

those that cannot be settled through diplomatic channels, or those of vital interest, national honor or independence, shall be submitted to The Hague.

A similar treaty with France has been renewed. The main argument last night arose over the contention that if the treaty with Great Britain is ratified, the Panama Canal tolls question would have to be submitted to The Hague, but during the discussion the Japanese question and the general attitude of the nation toward compulsory arbitration was brought up and led to the expression of views utterly at variance with entrance into such binding agreements in the future.

\$1,300,000 APPROPRIATION HELD UP BY COURT RULING AFFECTS G. A. R. VETERANS

SACRAMENTO, June 7.—If California sends her civil war veterans to the Gettysburg reunion in July, their transportation funds will either have to be advanced by private subscription or the expense born by the veterans themselves, according to an opinion rendered by the third district court of appeals today in which the legislative appropriation of \$1,300,000 was held unavailable, and further declared unconstitutional. This is the most important immediate result of the decision in the interest case brought against Controller Nye by State Engineer McClure to compel the former to draw plans in conformity with special appropriations bill before the lapse of the fifty-day period.

The bill was held to be not an emergency measure aside from actual expenditures involved. The extent to which the referendum may be exercised as a check on a legislative appropriation, was at issue, and the court upheld the principal of the constitution rigidly. The immediate expenditure of \$1,300,000 is involved, apportioned by the Gettysburg bill, the Ghent exposition, the normal, reformatory school and state hospital funds. These will be available, however, after August 10. The decision automatically dissolves the commission of three veterans appointed by Governor Johnson to have charge of the assembling of Gettysburg veterans.

Big Celebration by Loyal Order of Moose Monday Sure Success

Preparations for the big Loyal Order of Moose celebration, Monday, go merrily on. The Moose meeting last night was a very large and profitable one. Six candidates were initiated into the order, and one was given the degree of the Right Royal Razor.

Various committees were appointed for the Monday celebration, among others a policing committee, which will have charge of the race track, baseball grounds, etc. Everything points to a good time, and everyone seems to be working for the celebration to make it a success.

Badges will be in charge of the chairman of the day, who will be at the corner of Birch and Third streets, and will distribute them at that point.

FOXHALL KEENE, POLOIST, BREAKS COLLAR BONE

MEADOWBROOK, Long Island, June 7.—Foxhall Keene, the American poloist, chosen for the international games with the Britons, sustained a broken collar bone when he fell during a practice game today. Keene's substitute in the game with the English will be chosen tonight, and probably will be Larry Waterbury. Keene is the second of the original American quartette to be incapacitated by injuries.

By an inadvertence it was not mentioned in the advertisements that any horse-drawn vehicle would be eligible to enter the contest for the prize offered for the best decorated float or automobile. Any float is eligible, and it is to be hoped that some of the women's societies will make a try for the prize.

It is requested that any who have auto cars will kindly place them at the disposal of ladies and children for the trip to Lincoln Park, where the ball game is to take place.

All members of Santa Ana lodge are requested to be at the hall not later than 1:30 o'clock Monday for the purpose of marching in the parade, unless engaged on other business for the lodge.

FRUITERS FILE PROTEST ON RATE DISCRIMINATION

SAN FRANCISCO, June 7.—The Rivers Brothers of Los Angeles, fruiters, have filed a complaint with the railroad commission, charging that the Southern Pacific discriminates in rates, giving more favor on fruit consignments to canneries than elsewhere. They ask reparation and a rate adjustment.

SERUM "CURE" APPARENT FAILURE

Seattle Health Commissioner Says Not of Special Value in Tuberculosis

OPINION IS BASED ON ONLY BRIEF EXPERIENCE

Friedmann "Cure" Did Not Check Single One of Eighteen Cases Reported on

SEATTLE, June 7.—Reporting on the alleged turtle serum cure for tuberculosis discovered by Dr. Martin Damourette of Seattle, City Health Commissioner J. C. Chighton today issued the following statement: "Inasmuch as considerable time must elapse before the health board's physicians can positively say whether there is any merit in the serum, and since it has already been offered for sale as a cure, I believe it is only right that the public should know that to date nothing has been found in the serum of any special value for the treatment of tuberculosis."

Dr. Damourette claims to be the original discoverer of the turtle serum "cure." He claims Dr. Friedmann purchased his idea.

FRIEDMANN CURE DID NOT CHECK ONE OF 18 CASES
NEW YORK, June 7.—The first clinical analysis of the conditions of any of the Friedmann patients treated in this country are published in today's Medical Record. The results show that some are worse and that the disease was not checked in a single case.

The report is made by Dr. George Mannheimer and is detailed in respect to the nature of the patients' tubercular affliction, the symptoms subsequent to the Friedmann treatment and their present condition. The eighteen patients whose cases are described were the first to be treated here. Dr. Mannheimer regards the Friedmann treatment in their cases to be concluded. The clinic was held on March 6 and 8.

Twelve of the cases were pulmonary and the rest surgical.

PROFIT LIMIT MAY BE SET BY LAW

Illinois Vice Probe to Propose Measure to Keep Profits at Reasonable Mark

CHICAGO, June 7.—The enactment of a maximum profit law to curb employers who have threatened to throw an additional burden on the consumer if minimum wage legislation is passed, is the proposal of Lieut. Gov. O'Hara as a result of the vice probe which continued here today.

Lieut. Gov. O'Hara has been busy today completing his plans to present his proposal to the legislature. He proposes a law to limit the legal profits of any business to a certain percentage on the actual investment.

President Judson of the University of Chicago, testified that there is a connection between low wages and morality. He also said that he favors the curtailing of college and university courses.

SNOW IN CHICAGO; MERCURY FLOPS

From 91 Degrees Yesterday to 45 Today Caused Suffering in Windy City

CHICAGO, June 7.—The weather certainly did flipflop here today. Although yesterday the mercury reached ninety-one degrees, there was much suffering throughout the city today when the thermometer stood at forty-five degrees. Snow fell for ten minutes in the suburb of Austin. A driving gale is forcing all lake boats to shelter. Four men were rescued today in a gasoline launch in which they had been buffeted throughout the night.

NEW PASTOR OF CONGREGATIONAL CHURCH ARRIVES

He Has Had Eighteen Years of Experience as Head of Three Churches

Rev. Fred Staff, the new pastor of the First Congregational Church, arrived here yesterday and will preach to his congregation tomorrow.

In Rev. Staff the church secures a man of exceptional ability. He is a graduate of Beloit College and of the Chicago Theological Seminary. His eighteen years in the pulpit were spent three years at Chicago, seven years at Ft. Atkinson, Wis., and eight years at Grand Rapids, Wis. Rev. Staff's family, a wife and three children, will arrive here in about two weeks.

On the eve of his departure from his home in the east, the Grand Rapids, (Wis.) Daily Reporter had the following:

"The First Congregational church in this city was crowded Sunday morning and evening to listen to the closing sermons by Rev. Fred Staff, who has been pastor of that church and society for the past nine years. His closing day was probably one of the best that he has ever enjoyed considering it from every standpoint, than at any time during the past nine years. He has been a favorite in Grand Rapids, not only by his own church membership and congregation but by other denominations—in fact everybody.

"Rev. Fred Staff has been a hard worker, giving the best of his energy and talent to the church, and to Grand Rapids. His pastorate for the past nine years, has been a very successful one, not only in increased membership in church and Sabbath school but from a commercial standpoint as well. He leaves the church society with property worth over \$50,000, a large membership and an excellent corps of workers in all departments of the church. He leaves Grand Rapids, when every member of his church and congregation want him to remain, and in going from this city to California, he and his excellent family, take with them the best wishes of everybody.

"Both his morning and evening

REV. FRED STAFF

sermons were appropos to his leaving his church work in Grand Rapids. They have reluctantly and for only one good reason, and that is that their health in California may be better and stronger. They take with them the love and esteem, not only of all the officers and members of their church and congregation but of the people of other churches and of the city as a whole. Their many friends will be glad to hear from them in the future and of their continued success and prosperity."

AVOCADOS BEING PLANTED AT VISTA

Oceanside Blade: The West India Gardens, a company whose headquarters are at Altadena, are setting out about twenty acres of avocados on land which they recently bought at Vista. F. O. Peperone is the president and manager and is in charge at Vista. A carload of plants averaging about two feet in height was received this week and the trees are going into the ground as fast as possible. The avocados are being alternated with guavas and the latter will be taken out when the larger trees have attained some size. The advocates of the planting of this fruit say the avocado is the most valuable fruit grown. This statement, a fact not yet appreciated by the majority of the people of the United States, will be better understood and believed as the development of the industry progresses and as the opportunity is given to become familiar with it. It is so understood and valued in the American tropics, where it has been grown as a staple food product for centuries.

It is quite unique in being not only a most valuable article of diet, taking the place of other less delicious vegetable products or meat, but is one of the most delicious and satisfying of vegetable foods. A fair sized avocado will make a substantial and appetizing meal for one person. It is most easily digested, wholesome, of high nutritive value, and a builder of blood, bone and muscle.

NO SUBSTITUTE COULD DO THIS

No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Bartlett, Nebr., of his kidney trouble. He says: "I was bothered with backache, and the pain would run up to the back of my head, and I had spells of dizziness. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble. My father-in-law, now past 95 years, has taken them and they have added years to his life. RECEPTION TO THE SENIORS

Juniors Gave Pleasant Affair at High School Building

ORANGE, June 7.—Last evening at the high school building, the annual junior reception was held in honor of the outgoing senior class. A very unique and long program was presented in the form of a play let (7) "Every Senior." Vernon Stanfield did himself justice in the part of "Every Senior." Twenty-four guests of the past, representing the twenty-four members of the present senior class reappeared to the students "Every Senior," and make his life miserable by questioning the good and bad qualities of the all-wise graduating class. After this interesting program, delicious refreshments of ice cream, cake and candy were served. Eight freshmen maid acted as the servers. Leland Thurston gave the welcome and Will Kroemer, the class president, replied. Earl Murray toasted the faculty in a fitting manner. The rep was well made by Professor Higgins. Miss Katherine Bradshaw gave a splendid toast to the Senior Class. Miss Ethel Eshen's toast was "Senior Class, the best of the good old days." The delightful evening closed with school songs.

Mrs. John Johnston of El Modena and Mrs. Helen T. Lee of Villa Park went to Los Angeles yesterday afternoon to attend the funeral of their brother-in-law, J. T. Mitchell, which was held at the Friends Church this morning at 10 o'clock.

Mrs. B. R. Douglas has returned from Los Angeles and Whittier where she has been since Thursday.

Miss Wilhelmina Lee of Pasadena who addressed the Parents Teachers Association yesterday afternoon, is an old time friend of Mrs. S. W. Chadwick and is her guest during her stay in Orange.

Mr. and Mrs. H. T. Jones of Los Angeles arrived last evening from San Diego where they have been visiting since Tuesday and will spend several days with Mr. Jones' mother, Mrs. L. E. Jones and sister, Mrs. L. H. Gifford before leaving for Kansas City, Kansas, for an indefinite stay.

Mrs. S. A. Salveson of Iron City was a guest of relatives in West Orange today.

Many of the local churches are preparing for Children's Day services to be held on Sunday afternoon, June 10, and numerous pretty programs will be rendered by the various Sunday schools. In the Methodist church the Children's Day program was given a week ago and tomorrow will be devoted to the "Older Folks" exercises.

Mr. and Mrs. T. H. Kilgus and daughter Jane, will visit Sunday and Monday with the S. A. Salveson family at Iron City. Ralph Woods will come from the Los Angeles Normal School to spend the week-end. Mr. Woods graduates from normal this year and has already been elected principal of the Pleasant schools. His new position is an enviable one, as there are five teachers under him and the school boasts one of the best equipped plants in Southern California.

Miss Sadie Sutton of West Orange, entertained with a shower this afternoon in honor of Miss Helen Fullerton of Orange who will be married this morning to Mr. G. L. Jackson. Miss Fullerton is the daughter of Judge Fullerton of this city. Mr. Jackson is constable of Orange township. The

ELSINORE MAN SUES A MYFORD RANCHER

Yesterday suit was brought here by A. F. McCully of Elsinore against George Jeffrey of Myford for \$850. McCully alleges that on Feb. 24, 1919, he and several other residents of Elsinore bought a guaranteed tract from Jeffrey through his agent, H. G. Trunk, for \$600. It is alleged the land has not proven up to guarantee. Judgment for the price and \$250 damages is asked. G. H. Woodruff of Los Angeles is attorney for the plaintiff.

Judgment Asked
Suit on a \$1200 note given on June 10, 1907, has been brought by C. W. Sawyer against C. O. and A. E. Leatherman, D. G. Wooten and H. E. Tarver as attorneys for Sawyer.

For Administration

10,000 NEW YORK BOYS PROVE PASSING OF "DE GANG" DAYS

NEW YORK, June 6.—The triumph of "organized boyhood" over street games was celebrated here today when 10,000 New York school boys entered in Central Park and competed in athletic games held under the auspices of the Public Schools Athletic League and the Amateur Athletic Union. The Athletic League games are held annually, but today's was staged as a celebration of the tenth anniversary of the league's victory over the lawless juvenile gangs which flourished in the Greater City ten years ago, and from which were graduated many of New York's notorious gamblers and gunmen. Ten years ago, or even four years ago, the bringing together of 10,000 of New York's boys, probably would have resulted in broken windows, smashed street lamps, torn up shrubbery throughout Central Park, and narrowly in a small way for a battle about the rendezvous. Throughout the program of fully concerted events today there was no untoward happening. Less than a score of extra police were assigned to "cover" the games, and that number was sent to keep the other cops who were to see the games off the field and not to keep order among the 10,000 young dynamos of energy who went through their paces with an athletic dash and form as any band of mature athletes ever displayed at Olympic games or less notable affairs.

At the greatest demonstration of today, the boys, in groups of 100, were organized into 100 teams, each of which, prior to the start of the games, went into rock battles in the streets, the chasing of stray cats and dogs, and the playing of miniature football on lawns and the tendency to display too ostentatiously their rules and raw abilities. The same muscles which formerly were used in snowballing hapless children or overturning ash and garbage cans, today were skillfully brought into play in healthy competitions in running, jumping, ball playing and other contests. One of the members of the committee in charge of the games, speaking of the organization being asked upon real estate worth \$2500, in Lake County, Ore.

For Distribution
A petition has been filed in the case of M. S. Gilbert against the entire estate, appraised at \$3615.54, be distributed to the widow, Mrs. Elizabeth W. Gilbert.

Decree of Divorce
Yesterday Judge West granted two decrees of divorce. One was to Irene Hill against Charles E. Hill, Attorney Heathman representing the plaintiff, and the other was to Frank S. Herlan of Orange against Florence Herlan, who lives in the East. Attorney Sikes of Los Angeles representing the plaintiff.

Assault of Joseph Ferguson
at Balboa Paid a Fine of \$30 This Morning

Disagreement over a young seal was one of the underlying causes of a fracas that occurred on Joseph Ferguson's wharf at Balboa on May 29, the details of which frays were discussed at length in Justice Cox's court this morning. Clarence G. Alves, who said he had been in no trouble before for unprovoked assault, was the defendant. The hearing ended with a verdict of guilty, and upon the justice's decision Alves paid a fine of \$30.

Ferguson and Alves have not been friendly. It seems that a time would make its headquarters on Ferguson's wharf. Ferguson said Alves wanted the seal and tried to drive it into the channel so he could capture it.

A day or two later Ferguson saw Alves on the wharf again, and this time there was a fracas. Alves said he was the aggressor, thinking the seal was his. The hearing ran in no blows at all. He said Alves attempted to give him a dip in the briny bay, clothes and all. The struggle between the two men was interrupted by P. A. Needham, a Los Angeles architect, and W. V. (Doc) a merchant, whose testimony was all in the effect that Alves was doing all the punching. Alves said he was so angry he hardly knew what he did, his anger being induced because Ferguson called him a thief. Ferguson denied having used the word. Alves said on the witness stand that his reputation for peace and quiet is good.

Linoleum and Oil Cloth Company Locates at Huntington Beach

HUNTINGTON BEACH, June 7.—The Pacific Linoleum and Oil Cloth Company has decided to locate a plant here and will employ seventy-five men as soon as operations are begun. The building of the plant will be commenced at an early date. Officers of the company are T. B. Talbot of this city, J. E. Nelson of Santa Ana, and C. C. Hutchins, F. E. Phelps and W. H. Hazel of Los Angeles. The site of the plant will probably be in the tract set aside for the industrial section of Huntington Beach, where are now located the plants of the Holly Sugar Company and the La Balsa Tile Works, about a quarter of a mile from the city limits.

The local lodge of Odd Fellows elected officers last night as follows: C. A. Buhrkamp, N. G.; H. H. French, V. G.; E. B. Little, recording secretary; G. E. French, financial secretary; G. O. Franklin, treasurer; S. A. Moore and J. B. Irwin, trustees.

In spite of the freeze last fall and severe competition in prices, the celery crop of this section, according to the report of the Growers' Association submitted at its meeting at Huntington this week, yielded \$100,000 indications for this year's crops are excellent.

Postoffice Inspector Wilson of Los Angeles has been inspecting the local office upon complaints of poor service filed at Washington.

The summer schedule on the Pacific Electric Railway will become effective to this city June 15, when the round trip fare from Los Angeles will be 50 cents, continuing until late in September. The schedule will call for a car each way every forty minutes.

VOCATIONAL SELECTION

Boston has made great strides in the effort to guide school children in their choice of work. How this effort started and what it means is interestingly explained by Meyer Bloomfield, director of the vocational bureau, and Laura F. Wentworth, executive secretary of the vocational guidance department of the Boston public schools, who are joint authors of an article in the Survey.

"The vocational bureau, through whose influence the Boston schools were induced to introduce vocational guidance, does not aim at the placing of individual boys and girls in particular jobs. It endeavors to study the causes of the waste which attends the passing of unguided and untrained young people from school to work, and to assist by experiments to prevent this waste. It aims to work out the problem of co-operation between schools and occupations, for the purpose of enabling both to make a more socially profitable use of human talents and opportunities. It publishes studies of vocations from the viewpoint of their educational and other efficiency requirements. It conducts a training course for qualified men and women who desire to prepare themselves for vocational guidance in the public school system, philanthropic institutions and business establishments. Its interests, therefore, lie both in the direction of personal service to the individual and of constructive experiment and research in the field of education and employment.

"A capable investigator spends his entire time in studying occupations open to boys and young men, what these occupations require, and what they lead to. From three months to a year are devoted to each study. The results of these inquiries are published in tentative pamphlet form. Such pamphlets have already been published on the machinist, banking, the baker, confectionery manufacturer, the architect, the landscape architect, the grocer, the department store, and the profession of the law.

A new co-ordinating agency is being organized which shall secure team play in home, school and occupation, to the end that a richer vocational life of all the workers may be realized. It is likely that in the near future there will not only be the work in the public schools, a specially trained vocational counselor, but that there will also be in business and manufacturing establishments a new type of employment manager, especially trained and empowered to develop in the worker not only the efficiency which the employer requires, but also that efficiency which society requires. Through the working together of such employment managers and school counselors, society will gain an important factor in making for its progress."

THE WORK-HORSE PARADE

An annual parade of work-horses is held in some places, which is called "National horse day." The purpose is to quicken human sentiment. Horsemen say that where these parades have been held several years a noticeable improvement in the care of these faithful beasts can be seen.

Anyone who will make inquiries as to how far the ordinary care given draft animals is meretricious and kind will be astonished to learn how he himself probably had always been thoughtlessly cruel, as well as the majority of owners and drivers of horses. A horse's mouth is one of the most delicately adjusted set of tissues in all animal life. Yet hard fisted brutes yank away at this acutely sensitive structure day after day, producing lacerated tongues, bruised and torn lip corners.

Says an observer from another city: "I've seen members of the society for Prevention and Cruelty to Animals drive to their meetings with docketed horses on hot days when the air is full of insects. Then they prosecute some poor devil who is trying to support his family with a decrepit old horse."

A well fitting harness, usually secured by punching a few more holes in straps and buckling them up with judgment will pay good returns in the durability of a team. How long could a man work in peace, if a leather strap were hourly chafing his bare skin?

A lover of animals asks people to see how many horses they can find without evidence of ill-fitting harnesses, as seen through the wearing off of hair or open sores.

As a rule, the horses driven by boys and ignorant foreigners fare hard. Think it over, Mr. Horse Owner. Your faithful, speechless helper looks to

SAYS APRICOT CROP WILL ONLY BE ABOUT A THIRD

The two nights of severe white frost in the middle of March did more damage to the apricot crop than had become apparent to the growers by the middle of April. The manager of the largest apricot ranch in Orange county then thought that he would dry 25 tons, while his foreman believed it to be 30 tons. Now he says: "We will not dry any. We have sold our small crop to the cannery." In phoning up a score or more of growers in different parts of the county, a grower south of Santa Ana says: "I will have none to dry. The birds will get what little there is." Another grower on East Chapman avenue, Orange, says: "I dried 6 tons last year, and expect to dry only one ton this year." These are some of the extreme cases. Many orchards have but one-fourth or one-third of a crop, some a half of a crop. I have not learned of a single orchard with a really full crop, while the best seem to run about two-thirds. These are scattered here and there. The Tustin district is light, with a few exceptions. West Orange and along the river shows some good crops. Orchards side by side vary greatly without any apparent reason.

I am forced to revise my former estimate of 40 to 50 per cent for the county and reduce it to 30 or 40 per cent. Perhaps to say one-third of a crop will hit it pretty close.

How interested the dried fruit trade is in getting an up-to-date estimate is evidenced by the fact that I have a third request from the California Fruit Grower, a paper published for the marketing side of the fruit business, for an estimate of the crop, after I had satisfied two previous requests. I hope our growers will learn to realize the importance of a good crop estimate as much as the trade does. This same paper informs me that last year's crop was 26,000 tons of dried cuts, which is a little above the record crop of any previous year. Some packers estimated as high as 22,000 to 24,000 tons, which I then thought was too high, and probably done to influence the price, and to depress it for the growers.

A very detailed and full report for the Santa Clara valley shows the crop there to be very short and in some districts practically none. Ven-

you for the only reward life can give him. Remember that in fly-time!

There has been a good number of visitors to this section recently who were so charmed with the conditions here that they have gone to their "back east" homes to settle up business matters before returning to reside here permanently. If this continues the eastern cities will have a hard time keeping their population from falling off.

ura county is short, but I have not yet sufficient details. On the whole it seems as if the apricot crop for the state this year is as short as in 1911, or even shorter. There are no offers yet of the high prices paid then, and no disposition on the part of the growers to hold for the high prices for which most of them held that year. The last bulletin of the California Cured Fruit Exchange names 12 and 14 cents as the probable price. 11 and one-half cents per pound has made some sales, but there is no great rush on the part of the growers to sell at that price. That the shortage is as serious as it really is has not yet been fully recognized.

The short crop here will be a great disappointment to the women, the boys and the girls who look to the apricot season with the expectation of earning a little money to help out at home or buy a new bicycle or some other wished for object. But it will hit the grower hardest whose income may depend on his apricot crop.

There is evidence of scab on some fruit. Since there is very little outside fruit, this and sunburn will not be very bad. Take it all in all, the quality and size will probably be good.

The walnut crop so far looks very promising. Nuts are already of good size. A winged green plant louse is working some, but how much damage it will do remains to be seen. Being a parasite it is about as useful to the walnut crop as fleas on a dog's back. Our horticultural commissioner can perhaps tell us whether to fight it and how. The blight is but little in evidence, and the greatest damage from it is perhaps passed. Sunburn is probably the greatest danger yet in store for use, and if no damage arises from it, Orange County will probably harvest a larger crop than in 1911. It should be remembered in estimating on the walnut crop, that while there is considerable new acreage, there have been many old orchards cut out, too, and that it will take a number of acres of young trees to offset the crop of one acre of old trees.

Growers who have not yet joined the association had better look into the matter now. Last year the members fared far better than the outsiders, and as the associations grow they can do better still.

Story Is an Old One
"Dick Whittington" is one of the most puzzling of all London pantomime stories, in point of origin. Tradition says positively that it is a true story of a former lord mayor of London, and it certainly is true that a Richard Whittington did marry his master's daughter and become chief citizen, but instead of being a homeless boy he was the son of a knight, Sir Willia Whittington. Italy, Brittany, Norway and Russia all have practically the same tale. The story also appears in a book by a Persian author, written years before the real Whittington was born.

SOTO BELIEVED HIDING IN MEXICAN QUARTER

LOS ANGELES, June 7.—That Juan Soto, the maniac Mexican guilty of a triple murder here Monday, has visited the scene of his crime three times since then, despite the efforts of a score of detectives to catch him, was the declaration made to the police today by former customs officer William Boswell. Boswell's information is based on a conversation he overheard in the Mexican quarter which caused the police to believe Soto is hiding near the place where he stabbed to death Juana and Perfecta Socca, sisters, and their brother Naveto. As a result, another combing of the Mexican quarter has been ordered. This is the only clew.

YALE PLAYS PRINCETON
PRINCETON, N. J., June 7.—The Yale baseball team, heralded as the best college baseball squad of a decade, plays Princeton in the Tiger's own lair this afternoon, and a great contest was expected. The Blue, with a record of seventeen straight victories this season, the record run having been broken by Williams about ten days ago, started in the game a big favorite. Despite Yale's great showing against rival teams today's game will count heavily in the Blue's claim to the intercollegiate baseball championship of the big universities.

ANDRIST RECITAL

Piano Pupils of Mme. Andrist
Pleased in Entertainment
at Moose Hall

A very pleasant affair and a great success was that of Thursday night when Madame G. F. Andrist of the Andrist Academy of Music presented her pupils in recital.

Moose Hall was crowded. The auditorium resembled a bower of flowers so profusely was it adorned. It was further decorated with large bronze lyres, producing an artistic effect. And best of all, audience and performers alike seemed in a happy mood. The parents and friends listened with great interest to the children's playing, every number being received with enthusiastic applause.

The students all played with credit to themselves, showing remarkable advancement over former recitals. The little tots, playing in perfect time, won great appreciation.

The program was a long but very interesting one; there were many beautiful piano solos, piano duets, violin and piano duets, mandolin and vocal solos, recitations, a children's dialogue and a playlet. The playlet was quite a novelty and was written by Professor and Madame Andrist.

The children taking part spoke correctly and distinctly, showing the good training they had received.

Among the feature piano numbers were: Chopin's Fantasia, "Impromptu," played by Miss Jane Schleich in a very artistic and finished manner; Mozart's Fantasia in D Minor, played with good understanding and expression by Katherine Jasper; Debussy's ballet music from "Nana," played beautifully by Myrtle Law; Paderewski's Menuet, by Donna Horton; Balfe's Overture to the "Bohemian Girl," by Esther Squires; Rossini's "William Tell," by Bertha Miller; also several piano duets: Schubert's "Military March No. 1," Esther Squires and Katherine Jasper; Bellini's overture, "Norma," Myrtle Law and Bertha Miller, violin and piano duet; Morrison's "Meditation," played delightfully by Kenneth and Donna Horton. Miss Laura Sears delighted the audience with her sweet voices in vocal selections. Miss Frances Howard pleased with a recitation.

Other students taking part in the program were as follows: Charles Read, Ruth Boose, Rosie Hoefler, Mary Baker, Harold Beckman, Lucille Sherwood, Russell Johnson, Ralph Barker, Velda Lamb, Ivan Harper, Mary Mueller, Alice Fredrick, Emma Giesler, Anna Chumli, Viola Le Bard, Adah Squires, Bernice Kirk, Fern Hill.

After the program a flashlight picture was taken of the entire class by Mr. Corbett, the photographer.

The Clio Club

This club met at the home of the Misses Connel and Cec Woodside, near Garden Grove, last night. The evening was given over to a good old-fashioned ice cream party, music and games and outdoor sports. Banana special cake and lemonade was served in trays on the lawn under the mellow lights of Japanese lanterns.

This party was the closing affair of the club for the season. A meeting has been held every two weeks during the season, with a membership of twenty-two, studying the lives of writers of both music and literature. It has been very successfully and harmoniously carried on throughout the winter, for which the members thank the founder and leader, Mrs. J. U. Vian. The club expects to renew work with greater activity next fall.

Licensed to Wed

A marriage license was issued in Los Angeles yesterday to Burr J. Chandler, 25, of Santa Ana, and Louise Strixner, 23, of Los Angeles.

Grade Mothers to Teachers

A pleasant social affair of last evening was the "at home" given by teachers of the Jefferson School by the grade mothers of the Jefferson School Parent-Teacher's Association. The event was held at the North Main home of Mr. and Mrs. A. N. Cox which was beautifully fragrant and cheerful with a profusion of lovely sweet peas.

Among the amusing pastimes was an auction sale of "At home" studies by the great masters, historical relics, souvenirs, and articles of great value. These were all done up in packages of various sizes and shapes and were

sold under the hammer, the auctioneer being Prof. B. F. Beswick, who seemed "to the manner born," so successful was he as an auctioneer. W. B. Tedford, well qualified by long experience as a skilled financial expert, acted as clerk. Some of the articles brought a high price. One of the works of art, "The Little Peacemaker" (a nursing bottle) brought the best price. Another study going at a fancy figure was "Deer in Winter" (eggs). There seemed to be plenty of money among the buyers, some of the purchasers paying fabulous prices for the curios. Beans were legal tender for the evening.

Another amusement that proved interesting was an advertisement guessing contest, Miss Laura Leonard proving the best guesser.

Following the games refreshments of rolls, salad, olives, meat loaf, delicious home-made cake and ice cream were served on the small tables used during the games. Place cards bore the school monogram, "J. S." in water colors, the handiwork of Mrs. H. W. Shepard. Pink roses also adorned the cards.

Those enjoying the evening were Misses Carter, Barclay, Shaw, Leonard, Collins, Hamaker, Schreewsbury, Peterson, Larsen, Mrs. Bruce; Dr. and Mrs. Stevenson, Mr. and Mrs. Geo. Roff, Mr. and Mrs. L. K. Strong, Mr. and Mrs. A. E. Chapman, Mr. and Mrs. H. W. Sheppard, Mr. and Mrs. J. J. Smiley, Mr. and Mrs. C. F. Miller, Mr. and Mrs. W. B. Tedford, Mr. and Mrs. A. N. Cox, Mrs. Ehardt, Prof. Beswick.

For Betrothed Couple

Mr. and Mrs. Herbert Rankin delightfully entertained last evening, their guests being the members of the Philathea and Baraca classes of the First Presbyterian church, of which the host and hostess are teachers. The affair was in honor of Miss Leta Wells and Ed Abbott, members of the respective classes, who are to be married on June 18.

The Rankin home was generously adorned with Shasta daisies in brown baskets, and Miss Whitcomb of Los Angeles, a sister of Mrs. Rankin, and a house guest at the Rankin home, assisted in entertaining.

A white shower for the bride-to-be from the girls was a complete surprise for Miss Wells. Called to the door after the bell had been rung and a request for Miss Wells had been made, that young lady was dumbfounded to find a hamper, packed full of gifts, addressed to her. The precious burden was taken into the house and yielded lovely and delicate gifts. The Baracas presented a casserole to Miss Wells and Mr. Abbott in addition to the shower from the girls.

The young men were set to work hemming tea cloths, duffel cloths and holders, the young women acting as instructors. Other kindred jolly pastimes made the hours fly merrily. Miss Adeline Hill and Miss Irene Peckham gave several readings during the evening.

Later Mr. Rankin asked the company to inspect the court back of the house and view the pretty plants there. All trooped out and were repaid by finding lovely Shasta daisies in flower pots, and by each blossom was a dish of delicious ice cream. They greatly enjoyed this new floral product and each guest carried an individual delicacy on return to the parlors, where delectable cake was passed as a proper accompaniment for the ice cream.

There were fifty-eight present, including guests and entertainers and the occasion was a most happy one.

Flag Day With the Elks

As is the annual custom among all lodges of Elks, Santa Ana Lodge No. 794 is preparing for the observance of Flag Day, June 14, with appropriate patriotic services, in honor of the birth of the national emblem.

A program suitable for the occasion is now being prepared, and will be announced in a few days. The exercises will be conducted in the Elks' Hall on Sycamore street, and the public is cordially invited to witness these ceremonies.

On Tuesday, June 17, will occur one of those events always anticipated with keen pleasure—Elks' "Ladies Night." Elaborate preparations are under way for this event, and the customary delightful time is expected by the Elks and their ladies.

BANQUET TO SENIORS

Annual Event Tendered by Juniors Was Brilliant Success Last Evening

The finely appointed halls of the Elks' building were brilliantly lighted last evening for the annual Junior-Senior banquet. In both the upper hall and the banquet room Shasta daisies, the golden California poppy and smilax were simply and effectively used in decorating. The two flowers are the class flowers, the poppy being the choice of the Seniors and the daisy of the Juniors.

The hosts and guests assembled in the ball room, where enjoyable conversation whiled away the time until the march was formed for the banquet table. Paul Anderson, president of the third year students, welcomed the Seniors to the happy occasion, and Ralph Lowry, class president of the graduates, fittingly responded.

The menu follows:
Frappe
Chicken Patties Mashed Potatoes
Green Peas
Olives Rolls Pickles
Cucumber Salad
Cold Sliced Tongue Cheese Straws
Strawberry La Mode
Cake
Mint Sticks

Paul Anderson as master of ceremonies introduced Edward Stuart, who presided as toastmaster. Raymond Adkinson eulogized the "Cardinal and White" and spoke with much enthusiasm upon the future welfare of Santa Ana High School. Hester Robinson, of the guests, toasted "Our Motto," the motto of the Seniors which is: "We have climbed the hills; the mountains are before us." John Menges displayed his attitude toward the gentler sex when he praised "The Sweet Girl Graduate." Ruth Inwood wittily answered with a toast to "The Boys of the Junior Class." Principal McMath delivered in astronomy and spoke on "Our Stars." The only title and member of the nobility in the high school is Baron T. von Schooley of the Senior class. The Baron kindly and humorously gave a view of the "Senior Ambitions." Ruth Harding prophetically opened the future of the Seniors in the toast, "Your Tomorrow."

Among the class teachers and members of the faculty gathered around the banquet table were Messrs. and Mrs. Mesdames Cranston, McMath and Nord and Misses Cowdy, Wyant and Brockett and Mrs. Ratcliffe.

A number of underclass girls served. They were Misses Yarnell, Scott, Norma Wingood, Harris, Remberg, Shaul, Carden, Fischer, Anderson, Meade, West, Avery, Ball, Nimmo, Garner, Givens, Ardis Burns and Obarr.

An orchestra composed of Messrs. Jacques, Hamaker, Smith, Squires and Miss Squires furnished excellent music throughout the evening.

That Fish

One of the most enjoyable entertainments of the week was experienced Friday evening by the Philip Hatzfelds, at the Whitford, on South Sycamore, when they were surprised by a number of their friends, returning the tale of "that fish," through the medium of the Register. It is only right that the Hatzfelds do them the honor to thank them for their kind remembrance of them and that famous fish in a public way.

The Merry Go-Rounds

The ladies of the Merry Go-Round Club gathered Thursday afternoon at the home of Mrs. George Law, 1510 Durant street, for their usual fortnightly meeting. The ladies were in an unusually happy mood, consequently an unusually good time was enjoyed. Several new pieces of fancy work were brought to this meeting and the learning of the new designs kept the company interested. The usual music and any extra amusement were omitted, as the ladies were too much taken up with the needlework to spend time on anything else.

Strawberries and cake were served by Mrs. Law before the guests departed. The next meeting will be held in two weeks at the home of Mrs. Newman on Fifteenth street.

Calendar Social

The last Calendar Social to be held in the present First Baptist Church building took place there last night with Mrs. C. E. French in charge. Shasta daisies and ferns used tastefully in jardiniere beautified the Sunday school auditorium which was used as a reception room, and here the guests were greeted as they arrived.

The program for the evening was given in the main auditorium of the church which was beautiful with a profusion of fragrant sweet peas. The program being excellent, every number being enjoyed by the large number of people present. Mrs. Arnold Peek gave two piano numbers, Miss Elsie Harrison sang twice, Miss Gladys Burns played a couple of piano solos, Miss Cecil Frost gave two readings and Thomas Gowan sang a bass solo. Mrs. Louise Scarborough gave two readings, and R. J. Hamilton gave several humorous selections.

Supper was served in the banquet room, the dining table being most attractive with brown baskets of nasturtiums and trailing vines extending its entire length. A vividly glowing nasturtium with its rich leaves was at each plate.

Fifty dollars was realized from the social last evening, the largest sum yet realized from any of the calendar socials. All the money derived from this source goes into the church building fund on payment of the pledge made by the Helping Hand women.

Library Open Monday Next

The Santa Ana Public Library which has been closed this week will be open on Monday at 9 o'clock.

All books due between June 2 and June 9 must be returned Monday.

Picnicked Today

Several wagon-loads of youngsters and many grown people of the First Christian church left bright and early today for some favored spot for a picnic.

At Mrs. Nelson's

Mrs. Ed. Nelson was hostess on last Thursday afternoon to the young women of the Sewing club to which she belongs. She entertained them at her cozy home on South Sycamore street. Light refreshments were served.

Those present besides the hostess were Misses Ethel Roper, Marvel Baker, Andrews, Hazel and Lena Thomas, Martha Swartzlander; Mrs. Keith, Mrs. McCarty.

Nature Study Class

The Nature Study Class of the Elks Club met yesterday with Mrs. J. A. Wilkes, the leader, the subject of study being the "Wild Flowers of California." Miss Mabel McPadden led the study and twenty specimens were analyzed and classified.

Following the study hour, the hostess served light refreshments.

Personals

Miss Emma Hild left today for her home at Del Rosa near San Bernardino after several months service here as social editor of the Evening Blade. Miss Hild has gone home to prepare for her wedding which will take place about the middle of the month, when she will be married to William Raymond Veale of Venice. Miss Hild has made many warm friends here, who will wish her every joy in life in the new relation she is about to enter upon.

Mrs. E. D. Cooke and Mrs. Fannie Ware have returned from a delightful two weeks' stay in San Jose where they were the guests of Mrs. Earl Morris. Mrs. Cooke's daughter, Mrs. Elsie Morris, also visited San Francisco, Berkeley, and other points.

Mrs. Olive Lopez went to Los Angeles this afternoon for an over Sunday visit.

Mrs. Mark Webster of Fresno, and her two little daughters Eloise and Betty, are guests at the home of Mr. and Mrs. S. M. Davis. Mrs. Webster is a cousin of Mrs. Davis and is also an old school friend of Mrs. Terry Stephenson.

Mr. R. P. Mitchell, county superintendent of schools, went to Los Angeles today to attend a meeting of the school trustees of Los Angeles. Mr. Mitchell is to speak on the subject of "The Employment and Dismissal of Teachers."

W. L. C. Samson returned this morning from over a month's absence during which he attended the General Presbyterian Assembly at Atlanta, Ga., remaining there for eight days. He later went to Columbus, Ohio, Pittsburg, Pa., and Washington, Iowa, the latter place being his old home. He had a delightful time but declares "There is no place like home."

Mr. and Mrs. Hugh Plumb and little son motored Thursday to San Diego with their uncle and aunt. Mr. and Mrs. C. W. Fox, of Spurgeon street, The party will be absent for several days.

The Rev. Fred Staff, the new Congregational pastor, will be found at 717 North Main street.

J. H. Metzgar and family and J. C. Metzgar and family are motoring to San Diego to be gone over Sunday.

Mrs. S. Jones arrived in this city Thursday from Chicago, Ill., to spend the summer with her sister, Mrs. E. A. Hendrick and family at 415 Orange avenue.

She—"My dear, I can't get this portrait of you hung right." He—"Oh, just give me rope enough and I'll hang myself."

GOT THE LICENSE BUT NOT WEDDED

Frank W. Schuetz, 24, and Annie Lopez, 25, both of Los Angeles, found themselves in a sad predicament this morning. They went to the county clerk's office and Deputy Backs gave them a license to wed. Schuetz handed over \$2 to pay for the document.

Does it cost anything to be married? asked Schuetz. "The legal fee is \$3.00," responded Backs.

"We won't have enough left to pay carfare to Los Angeles," he said as he withdrew and left the courthouse. Whether or not he found somebody to perform the ceremony at reduced rates has not been discovered.

HOME RUN BROUGHT LINCOLN VICTORY

Lincoln, 13; Spurgeon, 11, was the score of a grammar school game yesterday. A home run won the game. With two down and one man on base, Noel Woodward hit the ball up against the center field fence for a home run, winning the game.

The Spurgeon boys played good ball all the way through. Lincoln boys played poor ball, making many errors. Most of the Spurgeon runs were on errors. Line up:

HIGH SCHOOL NOTES

Coch Pinal of Occidental College addressed the high school students last Tuesday. The talk was very practical and interesting. The coach, as have several other speakers this year, in reality came for the purpose of advertising his college.

Tuesday evening the girls of the Domestic Science classes under Miss Whitely served a very delightful luncheon to their fathers and the male members of the faculty. Opinions were expressed in favor of four years of Domestic Science and it has been announced that such a course will be given.

Two essay contests have been opened to the students of the high school. The Chamber of Commerce has offered prizes of \$15, \$10 and \$5 for the three best essays on the subject, "Santa Ana as a Home Place." The essays must range between 1500 and 2500 words and must be handed in before June 20. The other contest has been started by Mr. Wm. Sell, manager of a number of camps in Yosemite Valley. There are to be five ten-day trips with all expenses paid for the five best essays on Yosemite Valley, the work not to vary more than twenty-five words from a limit of 300 words. The trip includes transportation to and from Camp Lost Arrow, a ten days' stay at the camp and trail trips to such enchanting spots as Mirror Lake, Happy Isles, Vernal and Nevada Falls and Glacier Point. The last named contest is open to all high school students in the state and both are open to all the students of the local school.

The Girls' Glee Club and the Boys' Quartet gave a very successful concert yesterday at the Fullerton High School and at the Tustin school.

Yesterday the track and baseball teams received their monograms for the season's work. The track men were West, Keech, Adkinson, Anderson, Clapp, E. Fahey, Foutz, Plavan, Robinson and Smith. The baseball players were Warren, McElaffey, Carillo, Duhart, Carver, Brown, Walters, Wilson, Morrison and Smith.

The commencement issue of the Ariel made its appearance yesterday noon. The cover is of dark blue, one of the Senior colors, and many new cuts and pictures improve the appearance of the book. It is one of the best numbers ever put out by the school and its unusual and great sale bears witness to this statement.

Major School of the Canadian Mounted Police was an interesting speaker at yesterday's weekly assembly. The officer briefly told of his life as a cowboy and as a soldier in the American, Mexican and English armies. In the afternoon he displayed a number of his relics and told of his twenty-two years of service.

In the assembly some excellent music was given by Jacques and Matthews with cornets and Dameron at the piano.

Following the custom established some time ago of giving before the student body the best original speeches, Miss Edna Barrett eulogized Longfellow as a poet.

Tickets were placed on sale yesterday for the concert by the Los Angeles High School Glee Club to be given next Tuesday morning. All the tickets were speedily sold and a good audience is assured.

The girls of the student body sold home-made candy and sandwiches at the election which came yesterday. Over twelve dollars was turned into the student body treasury. Next Tuesday at the concert they will hold a pie sale.

The semi-annual student body election yesterday was a closely contested and enthusiastic affair. Each party throughout the campaign made a strong fight for its candidates. The results follow:

President—William Warren.
Vice-president—Chas. Fahey.
Secretary—Anita McDonald.
Treasurer—Harold Swift.
Football Manager—Lawrence Eaton.
Baseball Manager—Loftus Morrison.
Track Manager—Raymond Adkinson.

AMUSEMENTS

The Talk of the Town Before They Get Here

"Atop of the World Pictures," to be shown at the College of Music, Travel the Trail With Me," invites severely B. Dobbs, the famed Arctic traveler, lecturer and pioneer camera man of motion pictures of Arctic life. This \$200,000 sensation of 7000 feet of living pictures in Alaska-Siberia were secured only after ten years of trials and efforts in the frigid zone. Interesting, exciting, educational, wonderful scenes from the Land of the Midnight Sun. Over a hundred thrilling hunting scenes in the polar regions. Seven great reels; the same pictures as shown for 250 performances at the Whitney Opera House in Chicago. The only feature pictures of the Far North worthy of the name. The first time seen in Santa Ana. "Atop of the World in Motion" will be exhibited at the College of Music for three nights, Monday, Tuesday and Wednesday, June 9, 10 and 11. Nights, 7:30 to 10:30; matinees, Tuesday and Wednesday at 2:30. Prices, adults 25 cents; children, 15 cents.

"Deer Slayer"

From the story of the same name by J. Fenimore Cooper, has been staged to moving pictures by the Vitaphone Co., and makes most realistic of all the thrills and excitement that is to be found in "Deer Slayer," the story of pioneers and Indians in the new and unsettled days of America. This picture is American history, and is produced in two parts of motion pictures, and will be shown tonight and Sunday night at the Bell Theater, along with two big comedies and a comedy vaudeville act.

If you are suffering with any of the following or other skin troubles, get a box of Huggins' Arsenic Salve and you will get relief promptly. SOCIETY AND CLUBS

A Pleasant Party
A pleasant little party was given by Mrs. J. H. Brown last Tuesday night at her home. The following congenial friends were entertained: Rev. and Mrs. R. B. Shannon, Mr. and Mrs. Jasper Leck, Mr. and Mrs. W. L. Shatto, Mr. and Mrs. Hatch, Mr. and Mrs. Dresser, Mr. and Mrs. Bowman, Melbie Bowman, Miss Olive Bowman and Miss Vera Squires. The hours passed quickly in social intercourse and delicious refreshments were served.

Hannaford-Monroe
Miss Ethel Hannaford, daughter of H. H. Hannaford, Prospect avenue, was married last Sunday morning to Mr. Chas. Monroe of Woodville, Cal., where they will make their future home.

Junior Christian Endeavor Social
The Junior Christian Endeavorers had lots of fun at their social on the lawn at the Presbyterian manse Thursday afternoon. They gathered to the number of about fourteen at 2:30 o'clock and a lively place it was for about two hours. Mr. Blew played games with them and they tumbled all over each other, having a good time.

Allen-Liggett
The marriage of Miss Georgia Ellen Liggett to Augustus Horatio Allen was solemnized at high noon Thursday, June 5. Miss Liggett is the daughter of Geo. Liggett of Glen avenue, and the groom is son of Mr. and Mrs. H. A. Allen, corner of Main street and Glen avenue.

The wedding was a rather quiet one, there being fifteen or sixteen present, relatives and close friends. The bride wore a lovely light pink dress and carried a bouquet of Cecil Bruner roses. The ceremony was impressive, though a simple ring service, and was performed by Rev. E. W. Blew. Mr. Frazier of Anaheim, played Mendelssohn's wedding march during the ceremony, and a cradle song during the serving of the luncheon.

The house was beautifully decorated with pink roses, pink carnations and sweet peas, a color scheme of pink and white throughout. Their friends remembered them with some handsome presents and of course they went away in a shower of rice. Mr. Allen is a young rancher and they will make their home in Tustin, after a short wedding trip.

Tustin Literature Section
The Tustin Literature Section held its regular meeting last Tuesday afternoon with Mrs. W. L. Leiby. This was the last meeting before the summer vacation, but as their custom is to have an outing together before disbanding for the summer, there was considerable discussion regarding the best place to go for this outing. They finally decided to take a trip to the beaches together, Venice, Ocean Park and Santa Monica on June 17.

A new program was adopted for this year. Instead of using "Current Opinion" as the text, the "World's Work" will be used. The same officers were re-elected to serve another year: Miss Minnie C. Childs, leader; Mrs. W. L. Shatto, first assistant leader; and Mrs. D. L. McCharles, secretary.

The study for Tuesday afternoon was the article, "Keeping Up With Lizzie," by Irving Bacheller. Refreshments were served later in the afternoon, making the meeting a very pleasant one as well as a profitable one.

Business Meeting and Social
The Alkali Sunday school class held its business meeting with Miss Maud McLaughlin last Tuesday night. The business of the class was soon transacted and the remainder of the evening was spent in games and different ways of having a good time.

The young ladies were Misses Harriet Luther, Etta Crawford, Alice Matthews, Ethel Alderman, Cora Kendrick, Lena Elbel, Edith Stearns, Critie Young, Blanche Prunty, Mrs. E. W. Blew, Mrs. Fred Currier, Mrs. Franklin Griset and Mrs. Sharpless. Refreshments were served and music and songs were enjoyed by those present.

It was decided to have their banquet two weeks from Wednesday night at the church. The next business meeting will be held the first Tuesday night next month.

Coreopsis Club
The Coreopsis Club met Wednesday afternoon with Mrs. Ed. Smith. The usual fancy work was the occupation of the afternoon with social chat as accompaniment. The members present besides the hostess, were: Mesdames Lambert, King, Mount,

Schwartz, Mann and Peacock. Mrs. Frank Stearns and Mrs. J. H. Stearns, Miss Elva Bush, and Miss Eva Stearns.

School Closes Next Week
The final examination will be held in the Tustin school next week and the closing exercises will occur on Friday night.

The general exercises in which all the pupils take part have been discontinued because of the unsafe condition of the general assembly room, and the closing exercises will probably be held in K. P. Hall, with the following program:

Song—Girls' Chorus.
Invocation—Rev. E. W. Blew.
Salutatory—Lola Robinson.
Class History—Wilhelmina Bennett.
Instrumental Solo—Gladys Stearns.
Essay—Lee Brown.
Class Poem—Rowena Coffin.
Class Will—Raymond Metz.
Song—Trio.
Class Prophecy—Alice Saunby.
Valedictory—Mildred Marchant.
Class Song—Class.
Presentation of Diplomas—By the Principal.
Song.

A Trip to Monrovia
Mr. and Mrs. W. L. Shatto have returned from their automobile trip to Claremont and Lordsburg. They visited their old friends, F. L. Richardson and family, and their daughter, Mrs. Edith King. Mr. Frederick King has been quite sick, but is now improving slowly. While at Claremont, in company with Miss Ethel Shatto and Mr. and Mrs. Harry Hanson, they took the famous foothill drive to Monrovia. There they visited Mrs. A. E. Bennett, finding her very much improved in health.

Bride and Groom Here
E. R. Hulbert and wife have been visiting Mr. Hulbert's sister, Mrs. P. H. Phinney. They are on their wedding trip and left here Thursday for the Grand Canyon, Ariz., and on to Pennsylvania to visit his relatives and then to Minnesota to visit another relative. Mr. Hulbert is a teacher and would like to locate in Southern California.

W. C. T. U.
The Tustin W.C.T.U. will meet with Mrs. W. L. Shatto next Thursday afternoon.

Richardson Embroidery Club
The Richardson Embroidery Club held their meeting Thursday afternoon with Mrs. Wollenburg. Fancy work and a social good time was the order of the afternoon, accompanied with piano music and refreshments of cherry phosphate, cake and fruit. Those present were Mesdames Peterkin, Garnett, Hardestad, McCullough, Adams, Currier and Miss Wollenburg.

Tustin Twelve
The Tustin Twelve will meet next Tuesday afternoon with Mrs. R. F. Nimmo.

CHURCH NOTICES

Sunday school. Children's Day will be observed at the Presbyterian church next Sunday morning. Children's Day program will take the place of the regular Sunday morning service. The young people of the Primary and Junior departments will participate in the program, and there will be an address by the pastor. An offering will be taken for the Board of Publication and Sabbath school work.

The regular evening services will be held, at which time Mr. and Mrs. Chas. Potts, who were with Dr. Brucher in his evangelistic services in Santa Ana, will be present to take part. Mr. Potts will lead the singing and will sing several solos, accompanied by Mrs. Potts. He will sing the song so much appreciated and enjoyed at the evangelistic services, entitled "A Stiff Back Bone."

An especially large choir will be on hand to sing at the services Sunday evening.

Women's Berean Bible Class

The regular monthly business meeting of the Women's Berean Bible Class was held Wednesday afternoon at the Presbyterian church. The meeting was called to order with the president, Mrs. C. P. Marshall, in the chair. Scripture reading, James, 1st chapter, by Mrs. Dryer, followed by prayer and singing, "There Shall Be Showers of Blessings."

Reading of minutes of last meeting by the secretary, Mrs. Pollard, and report of the treasurer, Mrs. Hatfield; also reports of committees and other business before the meeting.

All the members were very enthusiastic over the delightful day spent together at the picnic in Orange County Park. After adjournment the usual Mission Study class convened.

This class is studying China and the progress of missions there. The subject for the afternoon was: "Chinese Women."

Beginning with the century-old customs, some the result of Confucianism and others the result of ignorance and superstition, the text book, "China's New Day," leads up to the present-day awakening and demand for education. The good Christian women are deeply impressed with the vast import of the subject and with a feeling of responsibility in the matter. One member of this class, Mrs. Stanley, having a sister now a missionary in China, has had sent her a number of articles of women's apparel and work of the women. She brought to the meeting of the class Wednesday afternoon a beautiful panel picture, an embroidered shoe, a Chinese motto embroidered on exquisite linen, all work of Chinese women, making the study especially interesting. Chinese women have been distinguished in literature, in art, as rulers and in war. They also have had their "Joan of Arcs."

As the afternoon was drawing to a close this most interesting subject of study was laid aside and the ladies were served with delicious coffee and fine cake by the hostesses, Mrs. C. P. Marshall and Mrs. W. L. Leiby. The others present were Mesdames Taylor, Hatfield, Edels, Pollard, Stanley, Preble, Dryer, Whitney, Blew, Keiser, Colgan and Miss Stone.

Recover From Accidents

Albert Thorman narrowly escaped a serious injury from being hit with a ball at school last Thursday. A shimey ball struck him dangerously near the temple and while it was pretty severe at the time, he very soon recovered.

The little daughter of Ed. Wahlenburg, who fell from the buggy on Wednesday in Santa Ana, seems to be all right, with the exception of a bruised lip and a cut on the forehead. She is running around and it is hoped will soon be entirely recovered from her injury.

LOS ANGELES PRODUCE MARKET

A small quantity of English vegetable marrow or cream squash is received, and is quoted at about 45 cents a lug. White asparagus came in from the north and sold around 3 cents a pound. A fair amount of green asparagus is received. Squash was in good supply, but is expected to be less plentiful and higher about the first of next week. It is arriving in larger quantities, corn is somewhat easier. The quality is better. Imperial Valley tomatoes are a little cheaper. Cabbage and lettuce are plentiful and cheap. Red cabbage is received in small quantities and brings about 2 cents a pound. Old potatoes are up a little. New potatoes are still cheap. Onions are easy.

Large quantities of apricots are received from Imperial Valley and the north. Several cars were reported yesterday. The price is declining. Peaches were received from the San Joaquin and the market was a little easier. Figs are in fair supply, with shipments received almost every day from Imperial and Coachella valleys and neighboring districts. Currants and gooseberries were more plentiful and cheaper. Blackberries and dewberries were easier. Only a small quantity of real blackberries were received. Oranges went with a good demand. A car of Valencias were received by one firm and cleaned up quickly at \$4.75 a box. In some instances the fruit was quoted as low as \$4.25 a box. The supply is not very large, as receipts are rather light. Watermelons still remain from the Mexican shipment. Small shipments of Imperial Valley cantaloupes are received and bring a good price.

The fresh egg market appears to be a shade easier. It was inactive yesterday, however. No material reduction in prices seems to be in prospect. Butter was firm. Oregon and eastern twin varieties of cheese were up. Local stock was quiet.

NOTICE TO CONTRACTORS
Sealed bids for the improvement of a portion of Huntington Beach Road, will be received by the Board of Supervisors of the County of Orange, State of California, up to 2 o'clock p. m. of June 21, 1913, at their office, 111 West Fourth St., Santa Ana, Cal., to be there publicly opened and read.

The work is to be done in accordance with specifications on file in the office of the Board of Supervisors, and in addition, profiles and specifications in the office of the County Highway Commission, in the County Court House.

Copies of plans, profiles and specifications and also blank forms suitable for use in bidding on said work may be obtained in the office of said Highway Commission, and no bid will be considered which is not in accordance with the form heretofore referred to.

Each bid must be accompanied by a certified check in the amount of five (5) per cent of the bid, and the same must be payable to the County of Orange, as a guarantee that the bidder, if successful, will enter into a contract satisfactory to said Board of Supervisors, and in addition, thereon, the successful bidder will be required to file a bond in the sum of twenty-five (25) per cent of the amount of the contract, with sureties satisfactory to said Board, as a guarantee of faithful performance of the work.

The Board of Supervisors reserves the right to reject any and all bids not deemed advantageous to the County.

By order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk, ex-officio Clerk of the Board of Supervisors.

IMPERIAL MELONS TO BREAK RECORD

Cantaloupes Now Ripening;
3500 Carloads Will Be
Shipped This Year

Los Angeles Tribune: Five hundred empty cars are en route to the Imperial valley from eastern points, and 300 empties are already sidetracked there by the Southern Pacific in readiness to handle the greatest crop of cantaloupes the valley has ever produced, estimated at 3500 carloads. Freight traffic officials are making every effort to collect empty cars everywhere along the Southern Pacific system to handle the monster crop in six weeks. The melons are ripening. The first express car left for the east yesterday. The melons ripen in cumulative fashion; at first a car, then five cars, then ten cars, then twenty-five, fifty, seventy, 100 and upward, until about 150 cars a day are being rushed east on ice during the latter part of June. The weather governs the ripening. There are 6700 acres of cantaloupes in the valley. This year's crop is worth about \$2,500,000. This crop exceeds last year's by about 400 carloads. The first shipment of eight crates came to Los Angeles, which is especially fond of Imperial melons. Grapes will follow the melons. They will be ready for shipment in the middle of July. The estimated crop this year is 150 cars. About forty cars will go east by express and the remainder in ice refrigerator cars. Malaga, Thompson seedless and Tokays predominate among the varieties.

EX-PRESIDENT TAFT RE-VISITS CAPITOL-- IS 30 POUNDS LESS

WASHINGTON, June 7.—The first time since his term expired, former President Taft visited the capitol for an hour today, exchanging reminiscences with many senators and representatives. He viewed the new seats in the house, and wandered idly in the corridors. He later went to a White House luncheon, arriving there without an escort. He said the principal business brought him to the executive offices was to search for several volumes of his library that were lost when he left the White House. He told the reporters he had lost thirty pounds weight since his retirement, and that he is dieting carefully. When Mr. Taft entered the executive offices President Wilson was absent. Taft tried to sit in President Wilson's chair, but was unsuccessful. He golfed at Chevy Chase this afternoon.

DR. LE RUE FASTS FOR THIRTY DAYS

Takes 40 and 50-Mile Walks
During Period; Holds Experi-
ment Highly Beneficial

A thirty-day fast for experimental purposes has just been completed by Dr. W. LeRue, says the Los Angeles Examiner. During the fast, Dr. LeRue stated, he walked many miles each day, but did not note the stiffness of muscle and soreness that follows such exercise when not fasting. He says he also injected three doses of vaccine without effect because his blood had become pure from fasting. Dr. LeRue is a member of the Spanish War Veterans. "I drank pure water, whenever I wanted it, during the whole fast," he said yesterday. "On the tenth and eleventh days I walked eighty miles, or forty miles each day. On the twentieth day I walked fifty miles. I stayed in Pasadena, for the experiment. I walked from that city over the Glendora Mountains, then into the San Gabriel Valley and back. I was testing fasting as related to physical endurance. I felt fine during the whole period. I lost thirty-five pounds. I gained fifteen pounds in four days after the fast. "Many gray hairs fell from me, which is a sign, I believe, of the cleansing of the blood and renovating of tissues. I ran against poison oak, but it had no effect on me, due to the purity of my blood. I am 48 years of age. "I could think much more clearly. I broke my fast with orange juice, which I drank for two days, and then I drank grape juice and took light food. I took a sunbath every day. "Everybody, except a few who work hard with their muscles, who eat three meals a day, should fast three days out of the month or thirty days each year. It will do them much good."

Two wheels missing from stolen bicycle. Last night a thief got away with a new bicycle belonging to Vincent of the Cope Electric Works. This morning Constable Jackson found a part of the stolen bicycle at the corner of Pacific and West Fifth streets. The thief had removed and carried away both wheels, and had left the rest of the bicycle. It is now being sought by the police. The bicycle was a new one, and was worth about \$10.00. The thief was seen by a witness, but was not caught. The witness is now being sought by the police.

MOTOR BOAT RACE TO BERMUDA FROM NEW YORK AND BACK

PHILADELPHIA, June 7.—Three of the fastest sea going motor boats of New York and Philadelphia started today from Race street pier in the annual race run to Bermuda and return. There was a big crowd of motor boat race enthusiasts at the pier to see the racers off. Immediately the sputtering boats started a score or more of the spectators took the train for New York where they will sail on one of the Bermuda boats which will take a course directly behind the little boats thus affording her passengers a view of the race during the trip. The boat will steam ahead of the racers shortly before the Bermuda islands are reached in order to land its passengers there in time to witness the finish of the first leg.

While in Bermuda, the racers and spectators will be guests of yachtmen of St. George. The same ship on which the spectators go to Bermuda will follow the little boats on their return trip. The motor boats racing are the Dracem, Commodore Charles E. Lagen, Yachtsmen's Club, Philadelphia; Barbara II, Vice Commodore, W. M. Duncan, Staten Island Yacht Club, New York; Tec, W. T. Wheeler, Jamaica Bay Yacht Club, New York. Dr. Eugene Swayne is chairman of the regatta committee.

REALISM CARRIED TO REAL EXCESS

Lack of Drapery Might Well Have Furnished Excuse for the Maternal Slipper

A mother in Worcester, Mass., who had orthodox views, had told her children the Garden of Eden story. The children were greatly impressed. One afternoon, returning from town, the mother found the palms and ferns had disappeared from the veranda going into the darkened living-room she saw one of the boys, minus clothing, reclining under a big fern, while another, equally clothed, was standing by a palm. They enlightened her by explaining that they were playing Adam and Eve in the garden.

At that minute her youngest boy, not three, came into the room as nature had first given him to the world, except that he wore a silk hat on his head and carried a cane.

"And pray who are you?" asked the mother.

The little one looked up at her and smiled as he said: "I am the Lord God Almighty walking in the garden in the tool of the day."

EXHIBITS, FLOWERS HAVE BEEN RECEIVED

Presented to the Chamber of Commerce recently were the following: L. Shaw, large turnips; John Irvin, West Orange, extra large cluster loquats; L. H. Fowler, lemon and orange on one stem; J. M. Thacker, one 3-pound and one 2 1/2-pound Silver Skin onion; Fred Raftery, yellow lilies. Lawrence Gardner, assistant secretary of the Chamber of Commerce of Cleveland, Ohio, called at the Chamber of Commerce today. He said everything is on the boom throughout the east.

THE BRILLIANT STARS OF JUNE

By the end of June, Mars, Venus, Saturn and Jupiter will all be morning stars, but Poley's Honey and Tar Compound is at all times the "Star" medicine for coughs, colds, croup and whooping cough. A cold in June is apt to develop into bronchitis or pneumonia as at any other time, but not if Poley's Honey and Tar Compound is taken. It will surely head off the cold, and heal the inflamed membranes. The genuine in a yellow package. Rowley Drug Co., White Cross Drug Co.—Advertisement.

FORSEES VICTORY OF WOMEN'S CAUSE

Mrs. Hofer-Proudfoot So Tells
the World's Congress of
Women at Paris

PARIS, June 7.—Declarations that suffrage for women throughout many of the civilized nations is in sight and that the world will greatly benefit by granting franchise rights to women were made today at the closing sessions of the World's Congress of Women which convened here Monday, June 2. Mrs. Andrea Hofer-Proudfoot, of the League of International Amity, whose home is in Chicago, delivered the feature address of the day. She declared that suffrage for women is bound to come, and that when it does, the world will look back on the times when women did not vote with much the same attitude that people look back on the days when negroes were enslaved in America.

"Any change of this sort," said Mrs. Hofer-Proudfoot, "is accomplished only after great effort and with brilliant minds arrayed on both sides as was the case in our civil war. But despite the heroism and bravery and brilliancy displayed by the leaders of the 'lost cause' in our American civil war, the side of the right triumphed. And so will the side of the right in this great cause—the fight to give women what is due them—ultimately win."

This evening a great many of the delegates to the Congress left to attend the coming International Suffrage Alliance convention in Budapest from June 15 to 20. The delegates will stop for a three days' visit in Vienna where they will join with 1,000 other delegates and visitors to the Budapest convention as guests of the Austrian Woman's Suffrage Committee June 10, 11 and 12.

POLYTECHNIC SCHOOL CELEBRATION JUNE 11

At California Polytechnic at San Luis Obispo plans for the commencement and decennial are practically completed. Wednesday, June 11, an electrical display will be provided throughout the evening by the students of the mechanics department, who have some interesting novelties. On Thursday, June 12, at 10:30, a program has been arranged in which there will be special music, and short addresses by Warren M. John, trustee of the Polytechnic; Dr. Leroy Anderson, first director of the institution, and President Ednah A. Rich of the State Normal School, Santa Barbara. Mr. Rich will speak on "Efficiency and Service." In the afternoon at 2:30 a band concert will be given. Following this there will be short addresses; among the speakers who will appear is Trustee Edward Simpson of Pacific Grove. A feature of the afternoon will be a parade of prize live stock of the school. During the entire day special exhibits of student work and school equipment will be shown. The annual reunion of the alumni will take place Thursday evening.

The following day, Friday, June 13, at 2:30, the young women in the physical training department will give an exhibition drill and at 3:30 in the outdoor amphitheater there will occur the historical pageant of San Luis Obispo, in which the early history of the local community will be shown. The annual graduation exercises will be held at 8 o'clock in the evening at Elks' Theater, when twenty-five polytechnic men and women will receive diplomas. The address of the evening will be delivered by Professor Maynard Lee Daggy, a speaker known to audiences in the larger cities, formerly connected with the University of Washington. His subject will be: "Twentieth Century Education."

The celebration marks the completion of ten years of service of California Polytechnic in the advancement of practical education. The railroads offer special reduced fares from points in the state to San Luis Obispo. Santa Ana Painless Dentists, 102 1/2 East Fourth St., Main 253. Dr. Pearl B. Magill, osteopath. WANTS BICYCLES KEPT OFF WALKS AT GARDEN GROVE

Garden Grove News: J. Polanum is circulating a petition asking the county supervisors to pass an ordinance prohibiting bicycles riding on the sidewalks of Garden Grove. On Wednesday morning there were twenty-two signers. The movement seems to meet with general favor. It is said that a lady should not be expected to "take the middle of the street to allow a man on a bike to sail along the concrete walks in great peace of mind." It seems to be the impression that there is a real need of a positive restriction under which an offender can be fined. It is not certain what view the supervisors will take of the matter.
